 Difference between two measurements of the course: 1' Certification code: TN 00014 RH

Replaces _____ (if applicable)

Notice to Race Director
Use this Certification Code in *all* public announcements relating to your race.

Be It Officially Noted That

Based on examination of data provided by the above named measurer, the course described above and in the map attached is hereby certified as reasonably accurate in measurement according to the standards adopted by the Road Running Technical Council. If *any* changes are made to the course, this certification becomes void, and the course must then be recertified.

Validation of Course - In the event a National Open Record is set on this course, or at the discretion of USA Track & Field, a validation remeasurement may be required to be performed by a member of the Road Running Technical Council. If such a remeasurement shows the course to be short, then all pending records will be rejected and the course certification will be canceled.

Automatic Expiration - This certification automatically expires ten years after date of issue, although it may be renewed for additional ten-year periods upon testimony to RRTC that the course is still in use, and has not been altered, and that all key points (start, finish, turn-around points, cone positions, etc.) described on the attached map can still be located precisely.

AS NATIONALLY CERTIFIED BY:

Bob Harrison

ALL MULTIPLE LOOPS OF THIS COURSE ARE ALSO CERTIFIED
Date: 9/6/00
